**EXHIBIT A
STATEMENT OF WORK**

1. Contract Description

The Mythics, Inc. (hereinafter referred to as the "Contractor") agrees to provide the State of California and local government agencies, via the California Department of Technology (CDT) (hereinafter referred to as the "State" and/or "CDT"), the entire portfolio of products as identified in the contract and will be the primary point of contact for data collection, reporting, and provisions of Infrastructure as a Service (IaaS) and/or Platform as a Service (PaaS) Cloud Services for the Moderate level to the State. This Statement of Work (SOW) covers terms and conditions for the entire portfolio of products as identified in the contract for IaaS and/or PaaS.

Contractor is not allowed to offer any telecommunications or other services that are offered in their Cloud Service Provider's Marketplace or portal where those, or like products or services conflict with other State mandatory contracts. Contractor shall work cooperatively with CDT to ensure prohibited Marketplace place products are not resold through this contract.

This includes cloud based voice services, traditional analog, digital, IP, and wireless telecommunications services. Cloud based voice services include but are not limited to Cloud Telephony, Cloud Calling, Cloud PBX, Contact Center, Unified Communications, Video Conferencing, or any other cloud based software or service that facilitates the transmission, management or operation of voice or other communications.

2. Term/Period of Performance

- a. The term of this Agreement shall commence on May 17, 2022, or the date the Agreement is approved by the California Department of Technology, whichever is later (referred to herein as the "Effective Date") and continue through May 31, 2024.
- b. The State reserves the option to extend the term of this Agreement at its sole discretion for up-to two (2) optional, two (2) year extensions.
- c. The Contractor shall not be authorized to deliver or commence services as described in this SOW until written approval has been obtained from all entities. Any delivery or performance of service that is commenced prior to the signing of the Agreement shall be considered voluntary on the part of the Contractor and not eligible for payment nor compensation.

3. Contractor's Proposal Response

The Contractor's response is incorporated by reference into this Agreement as if attached hereto.

4. Data/Information Categorization:

Per SAM 5305.5, the State's data housed on the Contractor's server(s) must be at the FedRAMP Moderate level.

5. Notices

All notices required by, or relating to, this Agreement shall be in writing and shall be sent to the parties of this Agreement at their address as contained within unless changed from time to time, in which event each party shall notify the other in writing, and all such notices shall be deemed duly given if deposited, postage prepaid, in the United States mail or e-mailed and directed to the customer service contacts referenced in the User Instructions.

- b. The Contractor must provide a portal and training for CDT for self-provisioning. The training shall be included in the bid price.
- c. The CSP must ensure, if using Network Edge Services, that the NIST ISO/IEC 27018:2019 certification has been achieved for the specific services being added to the portfolio. These services augment the CSP's IaaS and/or PaaS portfolio and may be included as part of the portfolio services without obtaining a FedRAMP Authorization to Operate (ATO) for that service. The Network Edge Services must have achieved NIST ISO/IEC 27018:2019 certification, which provides guidance aimed at ensuring that CSP's offer suitable information security controls to protect the privacy of their customers' clients by securing Personally Identifiable Information (PII) entrusted to them, for the specific service being added to the portfolio. Services that have the potential of containing confidential and/or sensitive data must have the ability to contain that service within the continental United States.
- d. The CSP shall enable the State to encrypt Personal Data and Non-Public Data at rest, in use, and in transit with controlled access. The SOW and/or Service Level Agreement (SLA) will specify which party is responsible for encryption and access control of the State Data for the service model under the Agreement. If the SOW and/or SLA and the Agreement are silent, then the State is responsible for encryption and access control. See also, SOW Section 14. Clarifications to General and Special Provisions.
- e. The CSP must provide the state with the root access to the master payer account.

Application Programming Interface Requirements (Mandatory)

The Contractor's IaaS and/or PaaS must provide open Application Programming Interfaces (API) that provide the capability to:

- a. Migrate workloads between the public cloud and the State's private on-premise cloud where CDT acts as the broker of those services and has the ability to logically separate individual customers;
- b. Define networks, resources and templates within a multi-tenant environment with the use of available APIs;

- c. Provision and de-provision virtual machines and storage within a multi-tenant environment;
- d. Add, remove and modify computing resources for virtual machines within a multi-tenant environment;

- a. Provide a multi-tenant environment that supports a parent/child administrative relationship that enables the CDT (parent) to programmatically apply compliance and regulatory requirements and standards down to the Eligible Public Entities.
- b. Provide all tested and compliant modules under the National Institute of Standards and Technology (NIST) Cryptographic Module Validation Program (CMVP) at <https://csrc.nist.gov/Projects/Cryptographic-Module-Validation-Program/Validated-Modules/Search> and/or with FIPS 140-3 compliant cryptographic modules <https://csrc.nist.gov/publications/detail/fips/140/3/final>;
- c. Support cost tracking by resource tags or other solutions to tracking costs for Eligible Public Entities;
- d. Run and manage web applications, including .NET environments;
- e. Provide managed database services with support for multiple database platforms;
- f. Support Security Access Markup Language (SAML) federation;

- k. Provide dashboard reporting that provides performance monitoring, usage and billing information.

7. Reserved Instances (Not Mandatory)

Reserved Instances may be available for use on this Agreement.

8. Contractor Responsibilities

- a. The Contractor will assign a contact person for contract management purposes. The Contractor Contract Manager must be authorized to make decisions on behalf of the Contractor.
- b. The Contractor shall allow the CDT or its designated third party to audit conformance including but not limited to contract terms, pricing, costing, ordering, invoicing, and reporting. Such reviews shall be conducted with at least thirty (30) calendar days advance written notice and shall not unreasonably interfere with the Contractor's business. The CSP shall allow the CDT or its designated third party to audit conformance to Attachment

14.B.4, Application Programming Interface, and Attachment 14.B.5, Environment.

- c. The Contractor shall promptly notify the Eligible Public Entity in writing of any unresolved issues or problems that have been outstanding for more than three (3) business days. The Eligible Public Entity shall notify the Contractor of the same.
- d. The Contractor will ensure all promotional materials or press releases referencing the contract shall be submitted to the CDT Contract Administrator for review and approval prior to release.
- e. The Contractor shall only accept orders from CDT. The Contractor shall not accept purchase documents for this contract that: are incomplete; contain non-contract items; or contain non-contract terms and conditions. The Contractor must not refuse to accept orders from CDT for any other reason without written authorization from the CDT Contract Administrator.
- f. The Contractor must provide CDT with an order receipt acknowledgment via e-mail within one (1) business day after receipt of an order.
- g. The Contractor shall ensure invoices be submitted to the CDT on behalf of the Eligible Public Entity on a quarterly or monthly basis in arrears.

 - i. Detailed descriptions of available IaaS and/or PaaS Cloud Services SLAs; and
 - ii. Public pricing (MSRP/MSLP) on which the State discount is based.
 - 2) The Contractor shall notify the State of any updates to the Catalog website.

9. State's Responsibilities

- a. CDT will be the only authorized user of the contract and will submit orders on behalf of Eligible Public Entities using a Purchasing Authority Purchase Order (Std. 65) or using the FI\$Cal Purchase Order process. Blanket orders are acceptable.
- b. The State reserves the right to receive credits in the event the Contractor fails to meet an applicable SLA (see Exhibit A-1).

10. Information and Data Ownership

All information and data stored by the State of California (this includes all public agencies in the State of California that may use this Agreement) using the service provider's system(s) remains the property of the State. As such, the service provider agrees to not scan, capture or view such information or data unless expressly authorized by the appropriate representatives of the State of California. Prior to the release of any information or data belonging to the State of California to any law enforcement agency, the service provider must notify and gain the express approval of the CDT and the California Department of Justice. The service provider may respond to subpoenas or other judicial mandates that forbid notice to CDT, without breach of contract. Upon the conclusion of service as notified by the State, the service provider must provide to the State a copy of all State data stored in the service providers system within five (5) business days in the Exit Data Format specified in the technical requirements. The State and the Contractor may mutually agree on a longer time period, as required by the amount of data or the format requested. Upon acceptance of this data by the State of California, the service provider shall purge the data from any and all of its systems and provide the State confirmation that such steps have occurred within ten (10) business days. Failure to comply with any of these terms may be grounds for termination for default.

11. Problem Escalation

- a. The parties acknowledge/agree that certain technical and project-related problems or issues may arise and that each party shall bring such matters to the immediate attention of the other party when identified. Known problems or issues shall be reported in regular weekly status reports or meetings. However, there may be instances where the severity of the problem justifies escalated reporting. To this extent, the State will determine the next level of severity, and notify the appropriate State and CSP personnel. The personnel notified, and the time-period taken to report the problem or issue, shall be at a level commensurate with the severity of the problem or issue.

- b. The State personnel include, but are not limited to the following:

No amendment or variation of the terms of this Agreement shall be valid unless made in writing, and agreed upon by both parties and approved by the State, as required. No verbal understanding or agreement not incorporated into the Agreement is binding on any of the parties. Changes to the contract regarding the administrator, list pricing and technical changes to SKUs and descriptions, will

be handled by supplement only and must be approved by the contract administrator.

13. Cancellation Provisions

CDT may exercise its option to terminate the resulting Agreement at any time with thirty (30) calendar days' prior written notice.

14. Clarifications and Revisions to General and Special Provisions

Section 1.y.ii (State Data) of the General Provisions will be clarified by the following:

"Unless otherwise specified in the Service Specifications, Oracle's Services can only accept, and you will only provide, personal data which does not have data protection, security controls or regulatory requirements (e.g., Oracle Payment Card Industry (PCI)) that are in addition to those applicable to personally identifiable information.

If available, a User may purchase Services (e.g., Oracle Payment Card Industry Compliance Services, Oracle HIPAA Security Services, Oracle Federal Security Services, etc.) designed to address particular data protection requirements. The applicable Service Specifications will identify whether the Services are designed to address data protection requirements applicable to PCI and/or Protected Health Information (PHI) and/or other types of protected data.

Additionally, upon a User's written request, the CSP will identify if the Services a User is requesting to purchase are designed to address data protection requirements applicable to PCI and/ or PHI and/or other types of protected data."

Section 7 (Compliance with Statutes and Regulations) of the General Provisions will be clarified by the following:

The extent to which an Oracle product on the Statement of Work is, prior to any customizations, capable of providing comparable access to individuals with disabilities consistent with the applicable provisions of the Architectural and Transportation Barriers Compliance Board standards set out in 36 CFR Part 1194 (known as 'Section 508'), effective as of June, 2001 or the Revised version in Appendix A (known as "Revised Section 508") effective as of January, 2018, and the Web Content Accessibility Guidelines (WCAG) version 2.0 level AA, is indicated by the dependencies, comments and exceptions (some of which may be significant, if any) noted on the applicable Voluntary Product Accessibility Templates (VPAT) available at www.oracle.com/accessibility for each product, when used in accordance with Oracle's associated documents and other written information, and provided that any assistive technologies and any other products used with them properly interoperate with them. In the event that no VPAT is available for a particular Oracle product, please contact the Oracle Accessibility Program Office at accessible_ww@oracle.com. In some cases, the outcome may be that a product is still being evaluated for accessibility, may be scheduled to meet accessibility standards in a future release, or may not be scheduled to meet accessibility standards at all. No other terms, conditions, statements or any other such representations regarding or related to accessibility shall apply to the Oracle products provided under the Statement of Work. Oracle cannot make any commitments about future product directions, including plans to address

accessibility or the availability of VPATs. Product direction remains at the sole discretion of Oracle.

Section 25 (Contract Modification) of the General Provisions will be clarified by the following:

The parties agree and understand that Attachment 7, Data Processing Agreement for Oracle Services, shall remain static for the duration of the contract term plus two (2) option 2-year extensions.

Section 26 (Confidentiality of Data) of the General Provisions will be clarified by the following:

"The parties acknowledge information transmitted by the State to the Contractor and/or Service Provider may inadvertently contain Federal Tax Information (FTI). The State will use all reasonable efforts to prevent the transmittal of FTI to Contractor and/or Service Provider under this Contract. The State further acknowledges that the Contractor and/or Service Provider does not require any "access" to, or "receipt" or "storage" of FTI to perform the Services under the Contract. The Contractor and/or Service Provider further acknowledges that Contractor and/or Service Provider shall not knowingly access or permit access to such FTI, unless directed by the State. Access to FTI is out-of-scope of the Services. To the extent that Contractor's and/or Service Provider's access to FTI is "incidental" to Contractor's provision of Services, it is the parties' view that such incidental exposure should not legally subject Contractor and/or Service Provider to the Internal Revenue Service (IRS) requirements set forth in IRS Publication 1075, section 11.2. If, however, the IRS ultimately takes a contrary position, and determines that Contractor, Service Provider and/or the State should have nevertheless complied with the requirements of IRS Publication 1075, the parties will immediately commence an evaluation of the feasibility of continued performance under the Contract."

Section 3 (Data Protection) of the Special Provisions will be clarified by the following:

Subsection 3.a:

The Service Provider states that it has adopted security controls and practices for its Services designed to protect the confidentiality, integrity, and availability of State Data hosted by the Service Provider in the Services. The Service Provider continually works to strengthen and improve those security controls and practices. To this end, the Service Provider shall safeguard the confidentiality and integrity of State Data within its control and comply, in lieu of Sections 3, introductory paragraphs and 3.a (i–iii), with all laws expressly applicable to it as a data processor or information technology services provider for the provisioning of the Service(s).

Subsection 3.b:

As between the Service Provider and the State, all State Data shall become and remain the property of the State. The Service Provider may compile statistical and other information as set forth in Section 10 (Service Monitoring, Analyses and Oracle Software) of the Oracle Cloud Services Agreement Terms; however, Services Analyses will not incorporate State Data in a form that could serve to identify the State or any individual and do not constitute State Data.

Subsection 3.c:

Personal Data and Non-Public Data shall be encrypted at rest, in use, and/or in transit with controlled access only if expressly ordered by the Customer and as set forth elsewhere in a SOW created for the transaction. Unless expressly stated otherwise elsewhere in such SOW, the State is responsible for encryption of and access control to the State Data for the service model under contract.

Subsection 3.d:

As between the Service Provider and the State, all State Data shall become and remain the property of the State. The Service Provider may compile statistical and other information as set forth in Section 10 (Service Monitoring, Analyses and Oracle Software) of the Oracle Cloud Services Agreement Terms; however, Services Analyses will not incorporate State Data in a form that could serve to identify the State or any individual and do not constitute State Data.

Section 7 (Data Preservation and Retrieval) of the Special Provisions will be clarified by the following:

After termination of the Contract and the prescribed retention period, the Service Provider shall securely dispose of all State Data in all forms. State Data shall be permanently deleted and shall not be recoverable, according to NIST-approved methods. At the State's written request, once and upon termination, the Service Provider will provide the State with a confirmation that the State's Content in the Services environment has been deleted or rendered inaccessible.

Section 8 (Background Checks) of the Special Provisions will be clarified by the following:

Oracle, or its agent, has performed a background check on Oracle employees hired on or after January 1, 2003 in the United States. As of this date, the background check is used to attempt to: (i) ascertain an employee's previous employment with up to three (3) employers within the five (5) years preceding the date of the check; (ii) ascertain an employee's highest degree earned; (iii) assess any public criminal records uncovered for an employee within the seven (7) years preceding the date of the check; and (iv) check for matches on the Office of Foreign Asset Control's Specially Designated Nationals and Foreign Sanctions Evaders Lists. The background check is adjudicated by Oracle. While all criminal records are individually assessed in accordance with applicable laws and agency guidance, generally, significant crimes involving violence, dishonesty, and certain drug-related offenses are considered disqualifiers, except where a diversion program was successfully completed and/or the case was discharged or judicially dismissed. Processing and procedural variances may apply to students/interns, university recruiting hires, and to employees of companies acquired by Oracle." Where allowable under applicable law, Oracle has established similar pre-employment background screening procedures in regions outside of the United States, subject to local laws, regulations, and customs.

Section 9 (Access to Security Logs and Reports) of the Special Provisions will be clarified by the following:

The parties agree and understand that Oracle Audit is a web service that automatically records calls to public application programming interface (API) endpoints for the State's Oracle Cloud Infrastructure. The service creates audit log events for each call that can be viewed, retrieved, stored, and analyzed. The log events include information such as the ID of the caller, the target resource, the time of the recorded event, request parameters, and response parameters. The State can access log events using the API, the Console, and the Java Software Development Kit (SDK). The Service Provider will provide the log events upon written request. The delineation of specific shared responsibilities, between the Service Provider and the State, are set forth in the Service Specifications (as defined in the Oracle Cloud Services Agreement Terms).

To review FAQs about the Oracle Cloud Infrastructure Audit, please see <https://cloud.oracle.com/governance/audit/faq>.

Section 10 (Contract Audit) of the Special Provisions will be clarified by the following:

The State's audit rights are further clarified in the Data Processing Agreement for Oracle Services.

Section 15 (Responsibilities and Uptime Guarantee) of the Special Provisions will be clarified by the following:

The Service Specifications for the relevant cloud service (as defined in Section 17.3 of the Oracle Cloud Services Agreement Terms) detail the availability and performance of the particular environments.

Section 17 (Business Continuity and Disaster Recovery) of the Special Provisions will be clarified by the following:

Pursuant to the Oracle Hosting and Delivery Policies and the applicable Pillar Documents, the State is responsible for developing its own business continuity plan.

15. DVBE Reporting

Military and Veteran Code (MVC) 999.5(d), Government Code (GC) 14841, and California Code of Regulations (CCR) 1896.78(e) require that if the Prime Contractor had a Disabled Veteran Business Enterprise (DVBE) firm perform any element of work in the performance of the Agreement, to report the DVBE information.

Prime Contractors are required to maintain records supporting the information that all payments to DVBE subcontractor(s) were made. The Prime DVBE Subcontracting form can be found at the following link:

<https://www.dgs.ca.gov/PD/Services/Page-Content/Procurement-Division-Services-List-Folder/File-a-DVBE-Subcontractor> and the instructions can be found at the following link: <http://www.documents.dgs.ca.gov/pd/smallbus/Prime%20DVBE%20Sub%20Report%20Instruction.doc>. EXHIBIT A-1
SERVICE LEVEL AGREEMENTS (SLAs)

Upon award, Contractor's SLA will be incorporated into the Contract.

a) Service Credits

- 1) The state reserves the right to take credit in the event the Contractor fails to meet an applicable SLA.

Service Credits may not be transferred or applied to any other Contractor service or account. The State's remedy for any non-excluded down time is the receipt of a service credit (if eligible) in accordance with the terms of this Exhibit A-1. Upon expiration or non-renewal of this Agreement, all service credits will be forfeited (for example, if the non-excluded downtime occurs in the last month of the Agreement term and State does not renew, then the service credit is forfeited).

(b) Performance Discounts

- 1) In addition to any Service Credits described herein, in the event the Contractor fails to meet the Service Commitment for a period of three (3) consecutive months or an aggregate of five (5) months over an eighteen (18) month period, the State shall be entitled to an additional 15% discount off the next invoice following month in which the Contractor failed to meet the Service Commitment.

Notwithstanding the Service Credits and Performance Discounts provided herein, the State reserves the right to terminate the contract pursuant to Section 17 of the FedRAMP Moderate Cloud Computing General Provisions – Information Technology, for Contractor's failure to meet the Service Commitment.

Each party may disclose Confidential Information only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under this Agreement, and each party may disclose the other party's Confidential Information in any legal proceeding or to a governmental entity as required by law. Oracle will protect the confidentiality of Your Content residing in the Services in accordance with the Oracle security practices defined as part of the Service Specifications applicable to Your order.

The parties acknowledge and agree that You and this Agreement are subject to applicable freedom of information or open records law. Should you receive a request under such law for Oracle's Confidential Information, You agree to give Oracle adequate prior notice of the request and before releasing Oracle's Confidential Information to a third party, in order to allow Oracle sufficient time to seek injunctive relief or other relief against such disclosure.

3.4 Notwithstanding the foregoing, following the end of the Service Period for Cloud Services acquired by a User, Oracle will continue to protect the User's Content from such Services which remain in Oracle's possession (including during any applicable retrieval period as specified in the Oracle Hosting & Delivery Policies) pursuant to the terms of this agreement, until such Content is either returned to the User or deleted from the Oracle Cloud Services environments.

4. PROTECTION OF YOUR CONTENT

4.1 In performing the Services, Oracle will comply with the Oracle privacy policy applicable to the Services ordered. Oracle privacy policies are available at <http://www.oracle.com/us/legal/privacy/overview/index.html>.

4.2 Oracle's *Data Processing Agreement for Oracle Cloud Services* (the "Data Processing Agreement"), which is available at <http://www.oracle.com/dataprocessingagreement> and incorporated herein by reference, describes how Oracle will process Personal Data that You provide to us as part of Oracle's provision of the Services, unless stated otherwise in Your order. You agree to provide any notices and obtain any consents related to Your use of, and Oracle's provision of, the Services.

Oracle and its affiliates may perform certain aspects of the Services (e.g., administration, maintenance, support, disaster recovery, data processing, etc.) from locations and/or through use of subcontractors, worldwide.

4.4 You are responsible for any security vulnerabilities, and the consequences of such vulnerabilities, arising from Your Content, including any viruses, Trojan horses, worms or other harmful programming routines contained in Your Content, or from Your use of the Services in a manner that is inconsistent with the terms of this Agreement. You may disclose or transfer, or instruct us to disclose or transfer in writing, Your Content to a third party, and upon such disclosure or transfer Oracle is no longer responsible for the security or confidentiality of such content and applications outside of Oracle.

4.5 Unless otherwise specified in the Service Specifications, Oracle's Services can only accept, and you will only provide, personal data which does not have data protection, security controls or regulatory requirements (e.g., Oracle Payment Card Industry (PCI)) in addition to those applicable to personally identifiable information. If available, a User may purchase Services (e.g., Oracle Payment Card Industry Compliance Services, Oracle HIPAA Security Services, Oracle Federal Security Services, etc.) designed to address particular data protection requirements. The applicable Service Specifications will identify whether the Services are designed to address data protection requirements applicable to PCI and/or Protected Health Information (PHI) and/or other types of protected data. Additionally, upon a User's written request, the CSP will identify if the Services a User is requesting to purchase are designed to address data protection requirements applicable to PCI and/ or PHI and/or other types of protected data.

5. WARRANTIES, DISCLAIMERS AND EXCLUSIVE REMEDIES

5.1 Each party represents that it has validly entered into this Agreement and that it has the power and authority to do so. Oracle warrants that during the Services Period, Oracle will perform the Services using commercially reasonable care and skill in all material respects as described in the Service Specifications. If the Services provided to You were not performed as warranted, You must promptly provide us with a written notice that describes the deficiency in the Services (including, as applicable, the service request number notifying us of the deficiency in the Services).

5.2 ORACLE DOES NOT WARRANT THAT THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, THAT ORACLE WILL CORRECT ALL SERVICES ERRORS, OR THAT THE SERVICES WILL MEET YOUR REQUIREMENTS OR EXPECTATIONS. ORACLE IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM YOUR CONTENT OR THIRD PARTY CONTENT OR SERVICES PROVIDED BY THIRD PARTIES.

5.3 FOR ANY BREACH OF THE SERVICES WARRANTY, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERVICES THAT CAUSED THE BREACH OF WARRANTY, OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALLY REASONABLE MANNER, YOU MAY END THE DEFICIENT SERVICES AND ORACLE WILL REFUND TO MYTHICS, INC., AND MYTHICS, INC. WILL IN TURN

REFUND TO YOU THE FEES PAID FOR THE DEFICIENT SERVICES FOR THE PERIOD OF TIME DURING WHICH THE SERVICES WERE DEFICIENT.

5.4 TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

6. LIMITATION OF LIABILITY

6.1 IN NO EVENT WILL EITHER PARTY OR ITS AFFILIATES NOR ORACLE BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES, OR ANY LOSS OF REVENUE OR PROFITS, DATA, OR DATA USE, SALES, GOODWILL, OR REPUTATION.

6.2 IN NO EVENT SHALL THE AGGREGATE LIABILITY OF ORACLE AND ORACLE'S AFFILIATES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR YOUR ORDER, WHETHER IN CONTRACT TORT OR OTHERWISE, EXCEED THE TOTAL AMOUNTS ACTUALLY PAID TO ORACLE FOR THE SERVICES UNDER THE ORDER GIVING RISE TO THE LIABILITY IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY LESS ANY REFUNDS OR CREDITS RECEIVED UNDER SUCH ORDER.

7. INDEMNIFICATION

7.1 Subject to the terms of this Section 7 (Indemnification), if a third party makes a claim against either You or Oracle ("Recipient" which may refer to You or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively, "Material") furnished by either You or Oracle ("Provider" which may refer to You or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will to the extent not prohibited by law, defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by

the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

- a. notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);
- b. gives the Provider sole control of the defense and any settlement negotiations, to the extent not prohibited by law; and
- c. gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim.

7.2 If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any unused, prepaid fees the Recipient may have paid to the other party for such Material. If such return materially affects Oracle's ability to meet its obligations under the relevant order, then Oracle may, upon 30 days prior written notice, terminate the order. If such Material is third party technology and the terms of the third party license do not allow Oracle to terminate the license, then Oracle may, upon 30 days prior written notice, end the Services associated with such Material and refund to Mythics, Inc., and Mythics, Inc. will in turn refund to You any unused, prepaid fees for such Services.

7.3 The Provider will not indemnify the Recipient if the Recipient (a) alters the Material or uses it outside the scope of use identified in the Provider's user or program documentation or Service Specifications, or

(b) uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was made available to the Recipient. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any Material not furnished by the Provider. Oracle will not indemnify You to the extent that an infringement claim is based on Third Party Content or any Material from a third party portal or other external source that is accessible or made available to You within or by the Services (e.g., a social media post from a third party blog or forum, a third party Web page accessed via a hyperlink, marketing data from third party data providers, etc.).

7.4 This Section 7 provides the parties' exclusive remedy for any infringement claims or damages.

8. TERM AND TERMINATION

8.1 RESERVED

8.2 Oracle may suspend Your or Your Users' access to, or use of, the Services if Oracle believes that (a) there is a significant threat to the functionality, security, integrity, or availability of the Services or any content, data, or applications in the Services; (b) You or Your Users are accessing or using the Services to commit an illegal act; or (c) there is a violation of the Acceptable Use Policy. When reasonably practicable and lawfully permitted, Oracle will provide You with advance notice of any such suspension. Oracle will use reasonable efforts to re-establish the Services promptly after Oracle determines that the issue causing the suspension has been resolved. During any suspension period, Oracle will make Your Content (as it existed on the suspension date) available to You. Any suspension under this paragraph shall not excuse You from Your obligation to make payments under this Agreement.

8.3 RESERVED

8.4 Termination of the Agreement will not affect orders that are outstanding at the time of termination. Those orders will be performed according to their terms as if this Agreement were still in full force and effect. However, those orders may not be renewed or extended subsequent to termination of this Agreement.

8.5 For a period of no less than 60 days after the end of the Services Period of an order, Oracle will make Your Content (as it existed at the end of the Services Period) available for retrieval by You. At the end of such 60 day period, and except as may be required by law, Oracle will delete or otherwise render inaccessible any of Your Content that remains in the Services.

8.6 Provisions that survive termination or expiration of this Agreement are those relating to limitation of liability, indemnification, payment and others which by their nature are intended to survive.

9. THIRD-PARTY CONTENT, SERVICES AND WEB SITES

9.1 The Services may enable You to link to, transmit Your Content to, or otherwise access third parties' websites, platforms, content, products, services, and information. Oracle does not control and are not responsible for such third parties' websites, platforms, content, products, services, and information.

9.2 Any Third Party Content Oracle makes accessible is provided on an "as-is" and "as available" basis without any warranty of any kind. You acknowledge and agree that Oracle is not responsible for, and have no obligation to control, monitor, or correct, Third Party Content. Oracle disclaims all liabilities arising from or related to Third Party Content.

9.3 You acknowledge that: (i) the nature, type, quality and availability of Third Party Content may change at any time during the Services Period, and (ii) features of the Services that interoperate with third parties such as Facebook™, YouTube™ and Twitter™, etc. (each, a "Third Party Service"), depend on the continuing availability of such third parties' respective application programming interfaces (APIs). Oracle may need to update, change or modify the Services under this Agreement as a result of a change in, or

unavailability of, such Third Party Content, Third Party Services or APIs. If any third party ceases to make its Third Party Content or APIs available on reasonable terms for the Services, as determined by Oracle in its sole discretion, Oracle may cease providing access to the affected Third Party Content or Third Party Services without any liability to You. Any changes to Third Party Content, Third Party Services or APIs, including their unavailability, during the Services Period does not affect Your obligations under this Agreement or the applicable order, and You will not be entitled to any refund, credit or other compensation due to any such changes.

10. SERVICE MONITORING, ANALYSES AND ORACLE SOFTWARE

10.1 Oracle continuously monitors the Services to facilitate Oracle's operation of the Services; to help resolve Your service requests; to detect and address threats to the functionality, security, integrity, and availability of the Services as well as any content, data, or applications in the Services; and to detect and address illegal acts or violations of the Acceptable Use Policy. Oracle monitoring tools do not collect or store any of Your Content residing in the Services, except as needed for such purposes. Oracle does not monitor, and does not address issues with, non-Oracle software provided by You or any of Your Users that is stored in, or run on or through, the Services. Information collected by Oracle monitoring tools (excluding Your Content) may also be used to assist in managing Oracle's product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license management purposes.

10.2 Oracle may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses i and ii are collectively referred to as "Service Analyses"). Oracle may make Service Analyses publicly available; however, Service Analyses will not incorporate Your Content or Confidential Information in a form that could serve to identify You or any individual, and Service Analyses do not constitute Personal Data. Oracle retains all intellectual property rights in Service Analyses.

10.3 Oracle may provide You with online access to download certain Oracle Software for use with the Services. If Oracle licenses Oracle Software to You and do not specify separate terms for such software, then such Oracle Software is provided as part of the Services and You have the non-exclusive, worldwide, limited right to use such Oracle Software, subject to the terms of this Agreement and Your order, solely to facilitate Your use of the Services. You may allow Your Users to use the Oracle Software for this purpose, and You are responsible for their compliance with the license terms. Your right to use Oracle Software will terminate upon the earlier of Oracle's notice (by web posting or otherwise) or the end of the Services associated with the Oracle Software. If Oracle Software is licensed to You under separate third party terms, then Your use of such software is governed by the separate third party terms.

11. EXPORT

11.1 Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Services. Such export laws govern use of the Services (including technical data) and any Services deliverables provided under this Agreement, and You and Oracle each agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, software programs and/or materials resulting from Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

11.2 You acknowledge that the Services are designed with capabilities for You and Your Users to access the Services without regard to geographic location and to transfer or otherwise move Your Content between the Services and other locations such as User workstations. You are solely responsible for the authorization and management of User accounts across geographic locations, as well as export control and geographic transfer of Your Content.

12. FORCE MAJEURE

RESERVED

13. NOTICE

13.1 Any notice required under this Agreement shall be provided to the other party, and Oracle, in writing. If You have a legal dispute with Oracle or if You wish to provide a notice under the Indemnification Section of this Agreement, or if You become subject to insolvency or other similar legal proceedings, You will promptly send written notice to: Oracle America, Inc., 500 Oracle Parkway Redwood Shores, CA 94065, Attention: General Counsel, Legal Department.

13.2 Oracle may give notices applicable to Oracle's Cloud Services customer base by means of a general notice on the Oracle portal for the Cloud Services, and notices specific to You by electronic mail to Your e-mail address on record in Oracle's account information or by written communication sent by first class mail or pre-paid post to Your address on record in Oracle's account information.

14. ASSIGNMENT

You may not assign this Agreement or give or transfer the Services, or any interest in the Services, to another individual or entity.

15. OTHER

15.1 Oracle is an independent contractor and we agree that no partnership, joint venture, or agency relationship exists between Oracle, Mythics, Inc., and You. We are each responsible for paying our own employees, including employment related taxes and insurance. You understand that Oracle's business partners and other third parties, including any third parties with which Oracle has an integration agreement or that are retained by You to provide consulting or implementation services or applications that interact with the Cloud Services, are independent of Oracle and are not Oracle's agents. Oracle is not liable for, bound by, or responsible for any problems with the Services, Your Content or Your Applications arising due to any acts of any such business partner or third party, unless the business partner or third party is providing Services as an Oracle subcontractor on an engagement ordered under this Agreement and, if so, then only to the same extent as Oracle would be responsible for Oracle resources under this Agreement. This Agreement is entered exclusively between You and Mythics, Inc. While Oracle has no contractual relationship with You, Oracle is a third party beneficiary of this Agreement.

15.2 If any term of this Agreement is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with another term consistent with the purpose and intent of this Agreement.

15.3 Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to this Agreement may be brought by either party more than four years after the cause of action has accrued.

15.4 Prior to entering into an order governed by this Agreement, You are solely responsible for determining whether the Services meet Your specific technical, business or regulatory requirements. Oracle will cooperate with Your efforts to determine whether use of the standard Services are consistent with those requirements. Additional fees may apply to any additional work performed by Oracle or changes to the Services. You remain solely responsible for Your regulatory compliance in connection with Your use of the Services.

15.5 Upon forty-five (45) days written notice and no more than once every twelve (12) months, Oracle may audit Your compliance with the terms of this Agreement and Your order. You agree to cooperate with Oracle's audit and to provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with Your normal business operations. Any such audit shall be limited to information

reasonably necessary to allow the Contractor or the CSP to determine whether a User's use of a Service is in compliance with this agreement and the applicable order.

1. Scope and Applicability

1.1 This Data Processing Agreement applies to Oracle's Processing of Personal Information on Your behalf as a Processor for the provision of the Services specified in Your Services Agreement. Unless otherwise expressly stated in Your Services Agreement, this version of the Data Processing Agreement shall be effective and remain in force for the term of Your Services Agreement.

1.2 Reserved.

2. Responsibility for Processing of Personal Information and Your instructions

2.1 You are a Controller and Oracle is a Processor for the Processing of Personal Information as part of the provision of the Services. Each party is responsible for compliance with its respective obligations under Applicable Data Protection Law.

2.2 Oracle will Process Personal Information solely for the purpose of providing the Services in accordance with the Services Agreement and this Data Processing Agreement.

2.3 In addition to Your instructions incorporated into the Services Agreement, You may provide additional instructions in writing to Oracle with regard to Processing of Personal Information in accordance with Applicable Data Protection Law. Oracle will promptly comply with all such instructions to the extent necessary for Oracle to (i) comply with its Processor obligations under Applicable Data Protection Law; or (ii) assist You to comply with Your Controller obligations under Applicable Data Protection Law relevant to Your use of the Services.

2.4 Oracle will follow Your instructions at no additional cost to You and within the timeframes reasonably necessary for You to comply with your obligations under Applicable Data Protection Law. To the extent Oracle expects to incur additional charges or fees not covered by the fees for Services payable under the Services Agreement, such as additional license or third party contractor fees, it will promptly inform You thereof upon receiving Your instructions. Without prejudice to Oracle's obligation to comply with Your instructions, the parties will then negotiate in good faith with respect to any such charges or fees.

2.5 Unless otherwise specified in the Services Agreement, You may not provide Oracle with any sensitive or special Personal Information that imposes specific data security or data protection obligations on Oracle in addition to or different from those specified in the Data Processing Agreement or Services Agreement.

3. Privacy Inquiries and Requests from Individuals

3.1 If You receive a request or inquiry from an Individual related to Personal Information processed by Oracle for the provision of Services, You can either (i) securely access Your Services environment that holds Personal Information to address the request, or (ii) to the extent such access is not available to You, submit a "service request" via My Oracle Support (or other applicable primary support tool or support contact provided for the Services, such as Your project manager) with detailed written instructions to Oracle on how to assist You with such request.

3.2 If Oracle directly receives any requests or inquiries from Individuals that have identified You as the Controller, it will promptly pass on such requests to You without responding to the Individual. Otherwise, Oracle will advise the Individual to identify and contact the relevant controller(s).

4. Oracle Affiliates and Third Party Subprocessors

4.1 To the extent Oracle engages Third Party Subprocessors and/or Oracle Affiliates to Process Personal Information, such entities shall be subject to the same level of data protection and security as Oracle under the terms of the Services Agreement. The third party must execute a written confidentiality agreement acceptable to Oracle or otherwise be bound by a statutory or legal confidentiality obligation.

7.3 To request an audit, You must submit a detailed proposed audit plan to Oracle at least two weeks in advance of the proposed audit date. The proposed audit plan must describe the proposed scope, duration, and start date

of the audit. Oracle will review the proposed audit plan and provide You with any concerns or questions. Oracle will work cooperatively with You to agree on a final audit plan.

7.4 The audit must be conducted during regular business hours at the applicable facility, subject to the agreed final audit plan and Oracle's health and safety or other relevant policies, and may not unreasonably interfere with Oracle business activities.

7.5 Upon completion of the audit, You will provide Oracle with a copy of the audit report, which is subject to the confidentiality terms of Your Services Agreement. You may use the audit reports only for the purposes of meeting Your regulatory audit requirements and/or confirming compliance with the requirements of this Data Processing Agreement.

7.6 Each party will bear its own costs in relation to the audit, unless Oracle promptly informs you upon reviewing Your audit plan that it expects to incur additional charges or fees in the performance of the audit that are not covered by the fees payable under Your Services Agreement, such as additional license or third party contractor fees. The parties will negotiate in good faith with respect to any such charges or fees.

7.7 Without prejudice to the rights granted in Section 7.1 above, if the requested audit scope is addressed in a SOC, ISO, NIST, PCI DSS, HIPAA or similar audit report issued by a qualified third party auditor within the prior twelve months and Oracle provides such report to You confirming there are no known material changes in the controls audited, You agree to accept the findings presented in the third party audit report in lieu of requesting an audit of the same controls covered by the report.

8.1 Oracle has implemented controls and policies designed to detect and promptly respond to incidents that create suspicion of or indicate destruction, loss, alteration, unauthorized disclosure or access to Personal Information transmitted, stored or otherwise Processed. Oracle will promptly define escalation paths to investigate such incidents in order to confirm if a Personal Information Breach has occurred, and to take reasonable measures designed to identify the root cause(s) of the Personal Information Breach, mitigate any possible adverse effects and prevent a recurrence.

8.2 Oracle will notify you of a confirmed Personal Information Breach without undue delay but at the latest within 24 hours. As information regarding the Personal Information Breach is collected or otherwise reasonably becomes available to Oracle, Oracle will also provide You with (i) a description of the nature and reasonably anticipated consequences of the Personal Information Breach; (ii) the measures taken to mitigate any possible adverse effects and prevent a recurrence; and (iii) where possible, information about the types of Personal Information that were the subject of the Personal Information Breach.
